

## Lecture

### “Efficient Energy Systems and Electric Mobility”

PD Dr. Patrick Jochem

Summer term 2021

---

The lecture will continue to be held in English in the summer semester 2021 (presumably via Zoom) from 9:45 a.m. to 11.15 a.m. on the following dates (see below). Since the lecture was already recorded last year, we will use the dates especially for repeating and consolidating of the contents – for example by discussing the slides and task sheets. Please prepare each date carefully. This includes in particular the prior review of the slides, the lecture and the task sheets.
